

The Borough of Mechanicsburg Community Garden – Water Guidelines

1. Gardeners must be present at their plots while using the water facilities.
2. Please conserve as much water as possible.
3. Please use a hose nozzle while using a hose. The nozzle will help to conserve water and water plants evenly, preventing overwatering to your plot.
4. Watering overnight is prohibited.
5. Shut off faucet when finished with watering.
6. Water and hoses must not cross over other plots and must be supervised at all times.
7. Be considerate of other gardeners waiting to use the facilities.
